PERFORMANCE IS EVERYTHING

- Patented adhesive free gasket fixing system.
- Advantageous one-dimensional mobility makes it suitable for alternating service conditions.
- Enlarged contact area for the fixing clip with the plate improves the fixing performance.
- Lateral inserting of the fixing clip allows quick and simple gasket changes.
- Easy visual check for correct gasket seating while apparatus is running.
- Capable for operating pressures up to 25 barg.
- Available for all current SIGMA-Types and elastomeric gaskets.
